

# 4 STEPS TO RE-ENROLLING

Talk with your academic advisor!

## Access your account & email!

You'll need access to Hokie SPA and your Virginia Tech email address to reenroll. If you're unable to access your student account due to expired, inactive, or forgotten credentials, then contact [4Help](#). Academic advisors cannot help with account recovery.

540-231-4357

## Remove any administrative holds!

Check Hokie SPA to see if you have any administrative holds on your account. Holds can be placed on your account for a number of reasons by units such as Accounts Receivable, Parking Services, or your college. Some holds can prevent you from registering for courses; others may not. If you currently have active holds, contact the department that placed the hold to resolve it.

Reach out to Academic Advising Initiatives with any questions,
