Force Add Procedures Fall 2021

Note: If a department is not on this list, you will need to see the instructor of the class you wish to Force-Add. Force-Add forms (if required) are available from the department of the class you are trying to add.

Information in red has not been updated; check with department for updated information.

AAEC
• Contact Katie White (katiewhite@vt.edu) to be added to the wait list for classes.

AHRM
• Students should email the professor of the course they want to force-add.

ALCE and LDRS
• Contact Michelle Greaub (mgreaud@vt.edu) for all force add requests.

ALS
• Contact Maria Woods (mavwoods@vt.edu) for all force add requests.

APSC
• Contact Carolyn Ballard at cballard@vt.edu for all force adds.

BCHM
• Contact Amy Rasor (arasor@vt.edu) after you have received permission by the professor to add the BCHM class.

Biological Sciences
• BIOL-1014, 1105, 1115: No force-adds are being accepted - students should CONTINUE to CHECK the TIMETABLE and try adding any desired section(s) through the normal Drop/Add procedure.
• BIOL-3014, 3024, 3454, 4664: Students will need to contact the instructors directly to inquire about force-adding these courses.
• For other Biological Sciences courses students should CONTINUE to CHECK the TIMETABLE and try adding any desired course(s) through the normal Drop/Add procedure. Note that many BIOL courses have major or credit hour restrictions, which, if seats are available, may be removed when Drop/Add reopens on August 2, 2021.
• For any questions about force-adding into BIOL courses, students should contact the Biological Sciences Undergraduate Advising Office at: bioadvising@vt.edu.

BMSP
• BMSP 2135 – No Force/Adds for the lecture.
• BMSP 2145 - Students can attend on the first day of class (the labs DO meet the first week of class) to request a force add into Human Anatomy and Physiology Lab

CHEM
• There is no wait list for CHEM 1035/1045 for current students so students in any major can add these classes during drop/add April 23-May 28. But if current students wait until August to add these classes, they will encounter restrictions and will not be able to get in.
• Students who are completing CHEM 1035 over the summer at another institution will not be able to enroll in CHEM 1036 during the April/May drop/add period. As soon as the student can confirm that he/she has earned a "C" or better in the CHEM 1035 equivalent, the student must fill out the force add survey found on the Chemistry Department web page (chem.vt.edu); a screen shot of the official grade in CHEM 1035 can be uploaded into the survey. The student will then be added to the class as long as seats are available. It will be up to the student to ensure that the official transcripts are sent to the Registrar's office.
• CHEM 2535 and CHEM 2545 - Students who are completing CHEM 1036/1046 over the summer at another institution will not be able to enroll in CHEM 2535/2545 during the April/May drop/add period. As soon as the student can confirm that he/she has earned a "C" or better in the CHEM 1036/1046 equivalent, the student must fill out the force add survey found on the Chemistry Department web page (chem.vt.edu); a screen shot of the official grade in CHEM 1036/1046 can be uploaded into the survey. The student will then be added to the classes as long as seats are available. It will be up to the student to ensure that the official transcripts are sent to the Registrar's office.
• For other courses, contact Amy Kokkinakos at amyk@vt.edu

CMDA
• Students should complete the force add survey, found on the AIS advising website (https://www.ais.science.vt.edu/Advising.html).
To force add a class within CNRE:
- Form is online here: [https://cnre.vt.edu/academics/academic-advising.html](https://cnre.vt.edu/academics/academic-advising.html)
- Get course instructor’s signature
- Email completed form to Linda Fitzgerald lrfitz@vt.edu for processing during the add/drop period (April 23– May 28, 2021)

Communication
- Will be taking force adds only from those majors (CMST, CSSI, MJ, PR and SMA) graduating in May 2021 and those majors (CMST, CSSI, MJ, PR and SMA) with NO Comm on their spring schedules during that completed course request on the following days Monday, April 26, 2021 at 8am to Wednesday, April 28, 2021 at 4pm. Forms must be submitted electronically. Turning in the form doesn’t guarantee approval.
- For those wanting to add restricted classes or Comm courses that are full, continue to monitor the timetable. Once the department has added Comm classes for students already in CMST, CSSI, MJ, PR and SMA, restrictions will be lifted where possible. Those that are declared minors can drop/add Comm courses; a restriction may be added to some courses after the department force add period is over.

All force add in the department are handled centrally and not via the individual faculty member.

Crop and Soil Sciences (CSS)
- Student contacts the instructor of the course and asks if they can be force added.
- If the instructor approves, the instructor will send an email to Ben Tracy (bftracy@vt.edu) to force add the student.

Dairy Science (DASC)
- All force add are processed by permission of the instructor. The student should contact the instructor and the instructor will email Kathy Duncan kathyd@vt.edu if they approve the request. Any questions can be directed to Kathy Duncan kathyd@vt.edu.

ECON
- No force adds; continue to check timetable for open seats.
- Will check pre-requisites for Econ 2006.

Math
- Force-Add is for students who correctly course requested and tried to add an undergraduate math course and received an honors restriction, major or level restriction, or a prerequisite error. There are only a few exceptions for students who did not course request but must add an undergraduate math course.

Typical reasons are
- Must repeat a course failed last semester
- Not enrolled at Virginia Tech last semester
- Changed majors and have new requirements for the degree
- Students who meet the above requirements should be advised to complete the Math Fall 2021 Force Add Survey (link located under Force Add Info on the math homepage (https://www.math.vt.edu)) Students should not come to the math department in addition to completing the survey. If a student fills out the survey and we encounter a question or problem, or if we are unable to add the course to the student's schedule, we will send an email directly to student with instructions. The survey link will be live on August 2nd 2021 through August 27th, 2021. Students who tried to add an undergraduate math course and received a closed section error should continue to try to add themselves to a section of the course. We will open seats, as sections fill up, periodically until the start of the semester.
- Students will not be forced-added to a course if they received it at registration and dropped it later. If a student does not meet the above requirements, they should be advised that all available seats will open on Thursday, August 12, 2021.
- More information may be found at. https://www.math.vt.edu/content/math_vt_edu/en/undergrad-math/forceadd.html
